Why are Russian Locomotives in Texas?

Recently concerned citizens in Texas photographed eleven Russian built train engines in Houston. The trains are said to be owned by U.S. Marshals. They were built in 1992 and were stored in 1993. The operating controls are all in Russian, while the fueling instructions are in English. Ten of them are red and one is blue, which is marked "American Grain Co.". The rail

FEMA Prison Completed But who will be the Prisoners ?

A new high tech prison and/or transfer center has just recently been completed near Seattle, Washington. The exact location is on the South end of SeaTac airport, S. 200th & 26th ave. S.. This is similar to the FEMA transfer center built in Oklahoma City. The big question is, who are going to be the prisoners? As new unconstitutional laws are passed each year, is it possible that the government is preparing to arrest patriots who resist gun confiscation? Stay tuned.

Conspiracy Politics

(From Criminal Politics, Sept. 30, 1996, PO Box 37812, Cincinnati, OH 45222, via Jack Mohr.)

The Tri-Lateral Commission in the United States is the foundation for the One World Government conspiracy in America. It was founded by David Rockefeller in 1973 and is designed to be a super-sophisticated offshoot of the much older and larger Council on Foreign Relations (CFR), and of its parent, the Bilderberger Society in Europe. All these groups are referred to in the independent press as the New World Order.

The first hand-picked Presidential candidate of this group was James Earl Carter, the Georgia peanut farmer, in 1974. David Rockefeller was able to dupe or coerce the Democratic National Committee in 1972 into believing that Jimmy Carter was a Democrat, when in reality he was a Trilateralist. Today these same conspirators control both major political parties. There is much evidence that Ross Perot was also selected by these conspirators to throw the 1992 election to Bill Clinton, who was a trilateralist candidate. He has done everything in his power to further the One World aims of these conspirators. Even to his appointments.

Prior to the 1997 election, there were 17 Senators, representing both major parties, who claimed membership in either the Trilateralists, the Council on Foreign Relations, or both. Eleven former members who are still living are members. Twenty four members of the House of Representatives are members, as are eight members of the Federal Reserve, twenty-nine high ranking members of the Military Establishment including the Secretary of the Army, the Chairman of the Joint Chiefs of Staff, the Commandant of the Marine Corps, the Chief of Staff of the Airforce and many others who are extremely important to national defense. In other words the organization dedicated to the protection of America and American interests is under the control of the New World Order boys. This is like placing the fox to guard the hen house.

Seventeen high ranking members of our State Department, plus twenty-three Ambassadors have membership in either or both organizations.

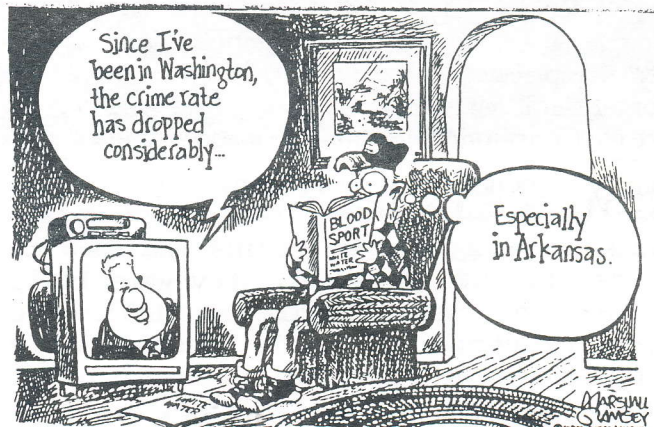

The media is overrun with CFR members, as is the banking system and industry. Well-known media personages such as David

Brinkley, Diane Sawyer, and Barbara Walters of ABC; Dan Rathers and Marvin Kalb of CBS; Tom Brokaw and John Chancellor of NBC; the editors of such well known magazines as the New Yorker, Newsweek, Reader's Digest, Time Inc., U.S. News and World Report, the Christian Monitor, Dow Jones & Co., The Los Angeles Times, The New York Times, The Washington Post and many more, are members of these groups. For a complete up to date chart listing the members of these two subversive organizations, contact F.R.E.E., PO Box 3339, Kerrville, TX 78029.

The goals of this Combine are worldwide control - through world government. The fast elimination of nation states, borders, independent currencies and national government is desirable for their aims. They claim to be working for "world peace" and the "brotherhood of man," when in reality they are attempting to bring all mankind under the complete control of the Global Plantation System.

This Combing is anti-Christian, anti-American, atheistic and maintains a tight control over the United States through the C.I.A.

Alan Greenspan, Chairman of the Federal Reserve System, stands by to increase interest rates if the policies of the conspirators is not followed. The Combine works much like the Communist Party with its "Politboro" in the form of David Rockefeller and Henry Kissinger. The media, headed by the New York Times and The Washington Post are their willing tools in seducing the American people. A number of years ago, the well known "guru" of the newsworld, Walter Cronkite, was asked on a TV talk show about "truth in news publication." In his arrogant, superior manner he replied; "My task is not to tell the truth, I am an opinion moulder."

The coming breakup of America

By Joseph Sobran, *Universal Press Syndicate*, July 5, 1996.

"The whole controversy over ratification of the Constitution, including the Bill of Rights, revolved around the question whether the federal government could be confined to its enumerated powers. A lot of people were afraid that this government, like so many others, would usurp powers that didn't belong to it. Their fears have been justified many times over.

Joseph Sobran

"The federal government is no longer exercising specifiable "delegated" powers, with all others being reserved to the states and the people. It acts as if all power has indeed been "surrendered" to it. This is a gross misinterpretation of the Constitution. It makes nonsense of the framers' careful design and meticulous division, as well as their philosophy of freedom. The 10th Amendment declared that the federal government had these powers and no others.

"All Americans then understood that to surrender limitless power to any level, branch or organ of government was to give up liberty itself.

"Today's huge federal empire completely depends on a claim of virtually unlimited - and irrevocable - power. The federal government has so far outgrown its proper limits that restoring constitutional government now would be extremely disruptive.

"But disruption is going to come anyway. The new system is bound to collapse. Its entitlement programs are promises that can't be kept, and its debt is mounting at a rate that can't be sustained. Like their Soviet counterparts, the experts who have designed and justified the new regime have created an unwieldy centralized economy neither they nor anyone else can control, or save from an inevitable shattering.

"When the breakup comes, probably within a decade, Americans will be looking for another system to replace centralized rule. If they should opt for a federal model, they can easily find one - in the old Constitution liberals have made obsolete."

Bill Would Register All Handguns

A new bill introduced by Mr. Hastings of Florida, H.R. 186, would make it mandatory to register all hand guns. The penalty for not registering a handgun is 15 years and up to \$250,000 in fines. The bill, H.R. 186, is included in the March Information Packet.

Gun Grab Prelude to Civil War

By Stephen Quayle

On December 4, 1996, I received a call from my Los Angeles law enforcement officer friend, known to many as Officer George. He said that on December 3, he was given a briefing by his Sergeant that as of January 1, 1997, all law enforcement officers who have ever had a misdemeanor conviction for domestic violence would be fired from their respective departments across the United States. His Sergeant told him that the fax had come from Washington and was being sent to all police, sheriff and law enforcement officers throughout the United States. According to Officer George, all law enforcement personnel were to be federalized after the 1st of the year.

Those of you who are informed of Presidential Decision Directive 25 (PDD-25) are aware that by this Presidential Directive, all local law enforcement agents in the United States are to be federalized and more importantly, turned over to the United Nations Control. What this amounts to is Defacto surrender to the New World Order.

I have also been informed by law enforcement officials that should the local sheriff or police chief choose not to round up the previously convicted individuals firearms, that federal "swarm" teams will be dispatched to specific communities around the country for the sole purpose of confiscation and arrest of the MisD's (short for misdemeanors) individuals. I believe the ultimate intention of this legislation is to initiate social upheaval and civil war between the United States citizens and the "powers that be!" to bring about a national state of emergency which will cause the arrest, incarceration and annihilation of tens of millions of people in the former United States of America! Cause of Frog Deformities Unknown

From: Diane Sizemore Northwest Digest

The amphibian populations have been declining in the national parks from Colorado to California - even on land that has been protected from development. This has puzzled scientists. Pesticide toxicity has been ruled out because sediment samples are clean. Toads and frogs with too many legs or legs so weak and shriveled that the animals cannot hop, could be tied to parasites that can take over if the amphibian immune system is weakened. The ultraviolet (UV) light could be a big part of this problem. Higher UV levels don't just lower resistance to disease; even small increases in UV exposure can change an eco-system so that crops and livestock cannot grow.

Above: Macro-mutations do happen. This freak toad with eyes in the roof of its mouth is said to have been found surviving wild in a Canadian garden.

A chemical used for mosquito control could be linked to deformities showing up in frogs across parts of North America, although the source of the phenomenon remains a mystery, according to a researcher.

Deformed frogs—including some with no eyes and multiple legs—have shown up in Michigan.

"We're still at the point where we've got a lot of leads that we're trying to follow but no smoking gun," says Michael Lannoo of Ball State University in Muncie, Ind.

He says one suspect chemical was methoprene, which produces a breakdown resembling retinoic acid, a substance important in development.

MARK OF THE BEAST IN ILLINOIS

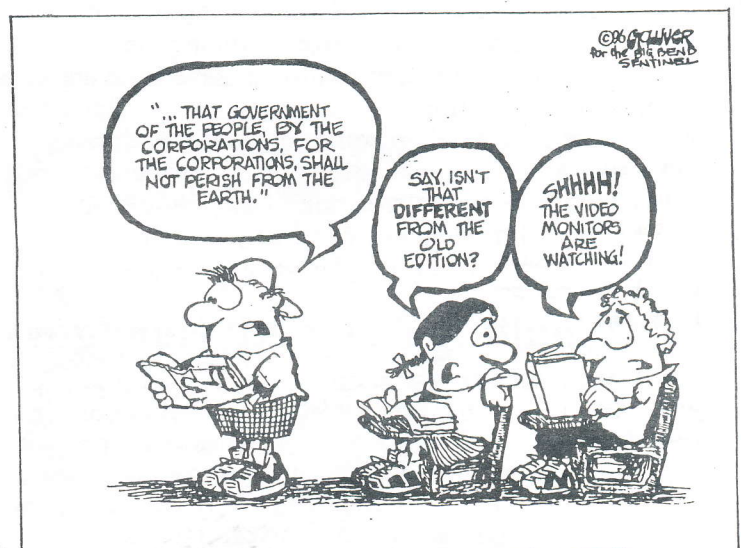

Sources are at: <http://www.cwinet.org/mail/sources.htm>

This note was received today from a reader of this web site. It appears that the Illinois Department of Public Aid is requiring those who receive AFDC to accept biometric identification. We know the technology is readily available for biometric implants and that the time of their usage is near. This is just a warm up to the main event which will occur during the Tribulation when Revelation 13:16-18 is fulfilled.

"And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might BUY OR SELL, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."

"A friend of mine showed me a letter she recieved yesterday from the Illinois Department of Public Aid, it requires all people who recieve AFDC to accept biometric identification or lose their assistance. I know you might think I'm making that up so I have attached 3 gif images that I scanned which is the entire letter. I wanted to send this to you because I thought you could get this information out to any Christian groups that may still care. Thank You Grapevine Publ. P.O. Box 45057, Boise, ID. 83711

ZEPHANIAH 3:8: Therefore wait ye upon me, saith the Lord, until the day that I rise up to the prey: for my determination is to gather the nations, that I may assemble the kingdoms, to pour upon them mine indignation, all my fierce anger: for all the earth shall be devoured with the fire of my jealousy.

Body Snatchers

The Alien Files

Real-life body snatchers said to be responsible for untold numbers of missing children

Grim Reapers by D.C. Cole

Better prepare yourself for the ultimate horror story of horror stories. This could easily surpass any of the most shocking revelations exposed in *GRIM REAPERS* SO FAR.

What originally began with one mutilated body has since turned up the location of a virtual human body parts warehouse. Believe it or not, the discovery of more documented evidence that reveals yet another sinister plot so hideous that it seems hardly believable at first.

Part two of this series concluded with a question that was left unanswered. "Now from what I've heard," says Mike (not his real name), an Evansville-based occult investigator, "there are over one million children reported missing in this country alone."

"Now what I want to know is where are those children?" Mike asked.

Continual investigations over the past couple of years have uncovered some very disturbing explanations, which essentially forms the basis of this sequel.

SIGHTINGS

Many people generally scoff at the idea of creatures from outer space visiting our planet, let alone listen to crazy people talk about how they were abducted by aliens inside flying saucers. People ordinarily say it's sheer lunacy to believe in stories about an invasion of the nations capital, for example, by unidentified flying objects (UFO's).

Certainly the idea of the United States and the rest of the world being invaded by bloodthirsty extraterrestrial preying on humans sounds more like the plot of science fiction.

On the other hand, there seems to be a prevailing belief that the Pentagon and the White House is keeping people in the dark about UFO sightings, gruesomely mutilated cattle found in the northeastern Nebraska, etc.. (Editor's note: In late 1996 there was several cattle that had been mutilated in Tennessee) "An Alien craft was found on February 13, 1948, on a mesa in Aztec, New Mexico," alleges a former Naval intelligence officer, William Cooper.

"An other craft was located on March 25, 1948 in White Sands Proving Grounds," he says, adding; "It was 100 feet in diameter."

In his book, BEHOLD A PALE HORSE, he reported that "A total of 17 alien bodies were recovered from those two crafts. Of even greater significance was the discovery of a large number of human body parts...stored within both of these vehicles."

"a demon had reared its head and paranoia quickly took hold of everyone then in the know," Cooper wrote.

Not even the Air Force can hope to deny the existence of UFO's or dismiss any suggestion of a mass UFO invasion anyway. People need only to take a closer look at the front page of the New York Times dated July 28, 1952, in order to find evidence that proves Washington actually was invaded by UFO's.

"By 1955," says Cooper, "It became quite obvious that the aliens had deceived Eisenhower and had broken the treaty. Mutilated humans were being found along with mutilated animals across the United States. Stories about alien abduction is supposedly common among satanic ritual abuse victims, too. "Some of the ritual victims draw pictures of (Space) aliens, too, as if they were abducted by UFO's," according to Pauline, the former school teacher previously mentioned.

"The public needs to know the truth," she says. "They need to realize what the government has been covering up and they need to deal with it."

The Patriot Report is dedicated to educating and warning Americans about any and all threats to our security and continued independence. It is with that in mind that we are compelled to publish information on UFOs and aliens so the truth will be known, and in turn citizens will be able to be prepared for possible threats.

In past information packets the Patriot Report has released information on the alien issue, here is a short review:

* Crashed UFO's were recovered by the government in the late 1940's in New Mexico. Since that time up to 18 crashes or downed alien spaceships have been recovered and are in storage.

* The alien investigations was transferred to the control of the conspirators scientists. Our own military and congress does not have access to the project.

* It was concluded that there are 4 known species of aliens. Two types of grays, short and tall, they have large heads and almond shaped eyes, no hair, small mouth and nose. A reptilian about 6 feet tall, 3 fingers, no hair, lizard type skin, and large teeth. And there is a human alien called the Nordics, which look identical to white humans.

* The secret government has open trade with the grays and the reptilians. The grays are allowed to abduct people for genetic experiments and use, and the reptilians simply kidnap people and have never explained what they are doing with the people. In exchange the conspirators scientists receive high technology on a piecemeal basis. It is estimated that the reptilians are kidnapping in excess of 100,000 humans a year world wide.

* The agenda of the aliens and the conspirators for a one world government are the same: Depopulate the earth and control of humans, eradicate independent nations.

* The reptilians are considered the most dangerous and unpredictable. Their spaceships come in two shapes, triangular/boomerang shape and cigar/tubular shape. One of their major bases on earth is in the Puerto Rico area. They come from such a great distance that when a ship arrives with troops, those troops never return to their home planet. There is no guarantee that the reptilians will not eventually attack earth and colonize it for themselves. But as long as they get what they want from the conspirators they won't have to, the conspirators for the NWO are doing it for them. We have compiled all the earlier information we released in the information packets and have made the "Alien Files". Plus we have added some recent drawings of space ships and what the reptilians and the grays look like.

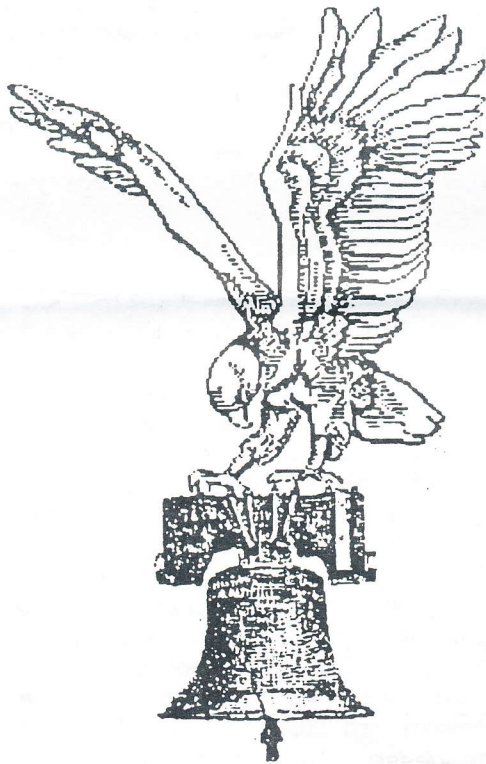

The Alien Files, Chapter 1.....\$5

New Patriot Music

As the Christian patriot movement has gained strength the past few years, several musicians have come out with new music to inspire Americans. Patriotic music has been able to tell the true story of what has happened to our nation and what it takes to turn our country around.

Music is an important component in reaching the hearts and minds of the people who are searching for the truth. It is with this spirit of patriotism and responsibility that a new music group has been formed to reach more people with new music.

MILLENNIUM 7

Wake Up America

The name of the group is Millennium 7. The name honors and celebrates the beginning of the Biblical 7,000 years from Adam. We are entering the 7th millennium, the 1,000 years of peace as foretold in the scriptures.

This music has a variety of styles and sounds from modern pop and rock. There are slower ballads and hard driving music to bring across a point. It is impossible to tell the story of conspiracy and tyranny without using forceful music.

Millennium 7 music will get the message

across to those who understand it and to those who have never heard it before. We cannot continue to preach to the choir and expect the Christian patriot movement to reach new people. It is important to find effective ways to convey the truth to more Americans. Most people don't have time to listen to speeches on cassettes or to read several newsletters a month, or to attend meetings to find out what is truly going on behind the scenes.

The citizens of America are hard working and busier than ever trying to keep a roof over their head and food on the table. Too much of their time is consumed with menial things and little is left over to study, and see what is happening around them.

This is where music comes into the picture. Music can uplift and inspire people when all else has failed. The right kind of music with the right lyrics can reach the hearts and minds of the people, and in turn educates them to their surroundings. In the past music has been an enemy of God fearing Americans, who were striving for a nation that protects family values. But music in itself was not to blame, it was the writers and musicians that are to blame for anti-Christian music.

Throughout Biblical history music was an integral part of the Israelite Kingdom. Many times God commanded the singers to go before their armies. And in some cases the battles were won with the music alone. The singers and musicians were also given permanent jobs in the temple and a salary just as the priests and the King.

Most of all we must recognize in these end times what God wants us to do to get His message out to the nation. For example, in Isaiah it plainly states what part music will play in the battle against God's enemies.

Quote: "You shall have a song and gladness of heart, as when one marches with a flute to come into the the mountain of the Lord, to the Rock of Israel. And the Lord shall cause His glorious voice to be heard, and the descending blow of His arm to be seen with the indignation of His anger...every passing stroke of the staff of

punishment which the Lord
lays upon them shall be to
the sound of timbrels and
harps.." Isaiah 30:29-
32 (Amplified Bible)

Millennium 7 music is an excellent way to reach those who have a limited knowledge of the patriot movement. If grand parents want to see their grand children get involved in the patriot movement and to become better Christians, this is the perfect gift for them. If Mom and Dad want to see their teen age children become more aware of patriotism, this is the music that will reach them. If you want your friends and relatives to have a deeper understanding about the tyranny we are already under, this music will tell the story they need to hear.

The Christian musicians that produced this album spent months to complete this project. Each word and every note and every instrument was carefully chosen to convey the right sound to match the message. The outcome greatly surpassed our expectations. It was a very humbling and satisfying feeling to see this project completed. The quality of this music is unsurpassed in every detail.

Don't miss this opportunity to pass on this "music with a message", it could literally change the course of history for America.

This first album is called "Wake Up America", and includes 9 songs. Most albums average 32 minutes, this one is a full 45 minutes. To order send \$10 to: George Eaton, P.O. Box 437, Uniontown, AR. 72955

Don't miss this opportunity to hear and meet these patriot speakers in person. The Preparedness Fair will be held at the Tennessee State fairgrounds, Saturday & Sunday April 19, & 20. We'll see you there! For information on renting the booths call: 918-775-8498.

THE PRESENT TRUTH MINISTRY

Preparedness Fair Coming to Nashville

One of the biggest patriot events this year will be held in Nashville, Tennessee in April. Some of the most well known speakers will be there for the two day Preparedness Fair. Those scheduled to appear are:

Mark Koernke, the first military veteran to warn the nation on Short wave radio that there was a threat from foreign troops already stationed in America. Mark and his partner John Statmiller have a radio program, and are well known across the nation.

Col. Jim Ammerman, retired military chaplain who has been exposing the new world order plot to take over America militarily. He is close friends with many top generals including Swartscoff(sp?). He has been on many radio shows and made videos of his speeches across the nation. He has startling information from inside sources in the military and in congress.

John Trochman, co-founder of the Militia of Montana. He has traveled the nation from coast to coast telling Americans about our common peril. He has testified before congress concerning the Weaver and the Waco sieges. His topic in Nashville will be; (Saturday) America's Judgements, What Lies Ahead, (Sunday) Surviving the Judgements.

Terry Reed, he is the ex government agent that was involved with the Iran/Contra operation. He has made several videos, and written books concerning his inside information that implicates Bush and Clinton in the drug traffic in Mena, Arkansas.

George Eaton, publisher of the Patriot Report and author of several booklets, including "Understanding America's Changing Conditions", and "Surviving the New World Order".

This will be the first Preparedness Fair to come to Tennessee and we are expecting a good turnout. There will be dozens of booths available for vendors who will be offering a variety of products and services. Plus, each speaker will have their own booth to visit with the people and sell their books and tapes.

For those interested in renting a booth, they are \$200 for an 8x10 booth.

The admission for the fair will be \$5, including all speakers that day, plus a music concert in the evening.

The music will be provided by the new group, Millennium 7. The patriotic Christian music will be toe tapping modern music with an important message. ← Cont. on left column

Letters to the Editor

It is true that both parties have been taken over by the ruling elite and "there ain't a dime's worth of difference". But, they retain control because their agents channel patriots into hopeless independent campaigns while their own candidates usually run unopposed in the primaries.

Both parties could easily be infiltrated and taken over if enough patriots made the effort to run in the primaries.

We are losing, not to superior opposition, but by default.

New Jersey

To George Eaton,

I would like to say that I do not agree with this Identity message that you espouse. I received some of your first newsletters through another patriot, and it seems to me that as time goes by, you push this message more and more. At least you are honest about what you believe, but I feel strongly that you are wrong according to the book of Romans (KJV). God will restore His people Israel and it is not American He was talking about. This doctrine of yours only divides the patriots, it causes disunity at a time we need to be united. A lot of Christian patriots just think that you are dead wrong about this stuff on Identity.

Alaska

Dear Alaska,

I understand your thoughts on the Identity message & would defend your right to believe in what you think is best for you.

There have been times in past issues where I lay the cards on the table & let the readers know the Identity message. But I only do this on rare occasions & let the reader make up their own mind on the issue. I cannot entirely omit the message from the newsletter for several reasons: 1) I am duty bound by my faith to reveal the truth on this important issue, not just part of the truth. I will have to answer to God if I leave out an essential part of Biblical truth. 2) the

Identity message wakes people up to their responsibilities on the Earth. People who are responsible are more willing to defend their nation & establish patriotism for their children's survival into the next century. 3) I cannot leave out the truth about someone's heritage just to please the politically correct liberals. The enemy is against the Identity message because it ignites the spirit of national patriotism. 4) I cannot omit the message just because it is new, unpopular & financially a bad move. Those are all the wrong motives to refuse to reveal the truth as I see it & believe it.

The Identity message is not an organized religion. Christians are not forced to believe it. They are not pressured into believing the message at the risk of going to Hell. People are free to study the facts & arrive at their own conclusions. Even many who are labeled "Identity" do not agree on doctrines. The key to real liberty is having the freedom to believe what you want without being brain-washed or labeled. What we are facing today is tyranny over the minds of people. We have walls in our minds that have been erected by society, & we believe we cannot go beyond those politically correct walls or we will get into trouble. But the fact is, we must break through those walls or we will not be able to defend America & Christianity.

When God's people find their rightful place on Earth, all mankind will benefit. We must maintain the spirit of Christ in our daily walk. We must do as He would do. The basis of the Identity message is not blind hatred, racism or supremacy. That is what the enemy uses to deceive the public & create their own New World Order cult. The majority of Identity believers do not deviate from the basic Christian beliefs. The enemy exploits fringe groups in order to label all the Identity believers as hate mongers. These are typical

Communist tactics.

When Christ returns He will reveal the secrets of the Kingdom & the veil over all our eyes will be lifted. Until that day I have respect for those who do not agree with me. We are all groping in darkness like the blind until the day our eyes will be opened.

I am enclosing an article on Identity that will answer some of the questions you have concerning the scriptures in Romans.

George Eaton

Dear Patriot Report,

Well the Spokane Preparedness Expo went off. A moderate number of public showed up - and protestors. It was great to visit the Trochmans and others. Lots of folks are scared to go, but I tell 'em we must exercise our First Amendment rights while still possible. Expo's and militia meets are historic events.

We can look to harder times soon. Enough warnings are there. With the Lord's help some of us "lemmings" won't go over the cliff to drown.

Our family wishes you the best wherever you are.

Washington

Dear Editor,

The pathetic results for this year's independent presidential and congressional candidates amply demonstrate the futility of third party efforts in our American two-party system. Attempting to make a three or four party system within the constraints of a two party structure is tantamount to putting a square peg into a round hole.

In addition to the usual assortment of idealistic neophytes and masochistic fools who promote or run as third party candidates, the largest and most effective category of independents are the anti-American subversives. They masquerade as patriots in order to dissipate the resources and efforts of real patriots in addition to keeping them out of the major party primary elections.

For example, in the demise of Rhodesia and South Africa, the ruling elite founded certain

"patriot" movements in order to keep the true patriots divided and channeled into fruitless pursuits. The same thing is going on now, right here in America.

Dear Sir,

I have your February 1997 Patriot Report. You state on the front page, "the next convergence of planet alignment and peak sun spot activity will arrive in the year 2002."

I have with me a copy of the book Careen, The Third Geological Revolution, by Charles L. Eserhut, which I obtained through Bohica Concepts, PO Box 546-C, Randle, WA 98377. On page 82, Mr. Eserhut states, "on May 5th of the year 2000 AD the planets will be arrayed in practically a straight line across space."

He ascribes this, along with the weight of the South polar ice cap, as likely to cause a "careen" resulting in nearly all of life being extinguished, through massive tidal waves, earthquakes, volcanos, etc. Are you familiar with this theory? It goes back to Immanuel Velikovsky and others as to past Earth cataclysms. Could you comment?

Arizona

Dear Arizona,

Thank you very much for your letter. I was hoping someone out there would have additional information on the planetary alignment, that I couldn't find time for in the article. Another subscriber called me & said they heard the alignment was in May in the year 2000. The maximum sun spot activity peaks two years after it begins. Now I am wondering if that is what my contacts meant when they gave the most critical date as 2002. I still need to find out when the astronomers expect the sun spots to return. It is not an exact science. It very well may begin in the year 2000, simply because of the magnetic pull from the planets being aligned.

My contacts did mention there may be earthquakes & volcanic activity higher than normal during that

time. So this correlates with your book.

As far as the Earth careening or tipping on its axis, that is anybody's guess. I have seen predictions of these type of activities come & go through the years. I have a "wait & see" attitude. But I am trying to be prepared for anything. G.E.

Dear George,

I was saddened by the brief notice in the January 1997 issue of the Patriot Report about Serge Monast's death and his family's belief that there was foul play involved. Since 1994 I have communicated with him several times, purchasing several of his manuscripts that I've used as source material about the New World Order's planned takeover. Much of what he said was going to happen, has now happened - which means that the truly scary stuff that he said lay just ahead will in all probability happen, too. Surely, we had better cling together or we're going down separately.

I wrote Vince Ryan of The Spotlight in which I reminded him of my having urged him back in mid-1996 to send one of his reporters up to Quebec to interview Monast & determine just what he was about. Unfortunately, Vince didn't do so at the time, & I am now asking him, even more so, for an investigation of Serge's death. I think we owe it to those who fight so terribly hard against the oppressors...and pay for it dearly in the end.

I'm tired of our people being murdered...and forgotten by most, just thrown away & not remembered. We owe this effort to Serge's memory & to his family whose ordeal is far from over. We must always remember the widows & the orphans!

George, as ever, I am so grateful that you're "out there." Keep a good word & let Yah cuddle you under His "feathers."

Pastor James Homer Russell, 407 Morningside Circle, Fullerton, CA 92835, (714) 879-6002.

Dear George,

Since the Democrat Gazette article of 12/23/96, RE: Underground Communications Bunkers at County Level, I have noticed a 3/4 acre mound of dirt with grass cover between the Electric Workers Union Hall & Pope Co. Sheriff's office complex near the junction of Hwy 64 & Hwy 326 in Russellville, Ark. The mound has sidewalks with rails going to doors in the mound & a stout tower coming out of the mound with antennae mounted on it. I think the Gazette article & the Russellville, Ark. mound tell us the cover story of the February Patriot Report is valid. Even the county governments know & haven't told the people. Till, and maybe when, the NWO gets all the food locked up.

Alert!

Recent information from nearly unimpeachable sources disclose that the military is training & preparing to attack known & suspected militia's. Much of the military have bought into the Milit-Jurisdictional concept as the only way to fly. Their method of operation is for the A Team to initiate the attack to draw and hold the attention of the victims while the B Team moves in from the side (not from the rear for fear of friendly fire) & completes the attack. Orders are to take no prisoners. Because of the nature of this report, sources cannot be disclosed, & prefer not to disclose the area of origination to protect the source.

Dear George,

Just a short note to say you're doing an outstanding job on presenting the truth, that without your courage & love for this country, myself & other God fearing Americans would still be as stupid & ignorant as the rest of those blind fools. I hope that Yahweh opens up a clear road for you & that ZOG's defeat will be won by people as yourself & I. Arizona

WE HAVE NO FREEDOMS

The story of the Australian gun confiscation
by Irv Benzion

Slowly, inexorable the diamond cutting wheel bit into the metal. Hot sparks colored pink, red and blue cascaded into the air. A screech, likened to a "banshee from hell" drowned out the sound of the swing arm saw and made any pretense of conversation impossible. The shriek stopped as the metal was severed but started again as the operator made his second and then third cut.

The operator turned to face us a wide, happy grin spread on his grimy face covered with metal particles. "How can you sleep at night?" he was asked. "I sleep very well thank you, I've just saved a few lives," he answered.

We stood there, Keith Tidswell, Executive Director, Sporting Shooters of Australia (SSAA), his wife Margaret, my "Child Bride" Bev and myself dumb struck, dejected, heartbroken. We had just witnessed the destruction of a gorgeous, one of a kind, gold inlayed Browning semi-automatic shotgun valued at \$7000.

I could not speak. The lump in my throat seemed to grow in size as the moments passed. I felt nauseous, seeing such beauty lost to the world forever.

Bev, confronting several workmen and administrators of the program asked, "How can you do this thing?" The answer: "I'm just doing my job," or in the case of police officers, "I'm following orders," or "Don't blame me, I'm just the messenger."

Keith Tidswell had arranged for us to see first hand this wholesale, and I mean wholesale, destruction of their firearms and report back to the American shooters our observations. As in the USA, most Australian police officers are pro-gun, which was the only reason the four of us were admitted to this high security location. (The taking of photographs was not allowed.)

Under the new firearms laws all semi-automatic, pump action shotguns and all semi-automatic rifles are to be surrendered for destruction. We were being walked through this procedure from first acceptance and safety check, to check issuance, to final destruction.

The reason this is suspicious is because we had received earlier reports that during the future gun confiscation and patriot roundup that the conspirators would use foreigners to operate the trains that would transport the prisoners to concentration camps.

If this is not the case, why are rail roads buying Russian built train engines? Can't American factories build our own?

Secret Clinton Administration memo detailing plans for new gas and auto taxes released

Washington, D.C. - U.S. House Republican Conference Committee Chairman Rep. John Boehner of Ohio has just released the contents of a leaked Environmental Protection Agency memo detailing a secret Clinton Administration plan for a 50-cent-per-gallon increase in the gasoline tax, a host of new energy taxes including resurrection of President Clinton's repudiated 1993 BTU tax, tighter motor vehicle emissions standards, a new \$40 federal fee for automobile emissions tests and a plan for "full pricing of roads" that would alone cost motorists, Boehner says, as much as \$400 per year.

Boehner called the memo proof of "a secret Clinton Administration plan for war on the family car," saying it was "a rewrite of Vice President Al Gore's Earth in the Balance, a radical, extremist approach which would put most working Americans on bicycles." The Republican Conference Committee has copies of the 45-page memorandum available in their offices for inspection. (from Scoop #143 The National Center for Public Policy Research)

The Missile That Never Was

Signs in the Heavens! Hale-Bopp and its Companion

SKYWATCH

By Stephen Quayle

Since its discovery on July 23, 1995 by Alan Hale and Thomas Bopp, Comet Hale-Bopp has elicited some unique speculation, fueled conspiracy thinking, and is causing a major stir in academic circles. Hale-Bopp is certainly one of the largest and brightest comets/planetoids ever observed.

It is estimated that Hale-Bopp's orbit is over 3,000 years and its size is the basis of continual debate, as well as arguments! World famous astronomer Brian Marsden was quoted as saying that the size of Hale-Bopp is "Bloody Huge."
